'Cookies' policy

Introduction

This policy describes the cookies and other technologies used on this website.

For more information on the processing of personal data and on exercising your rights, please consult the Personal data processing policy published on the site.

1. Definition of cookies

Cookies are small data files that are downloaded to your device by the website you visit. By using cookies and similar technologies (together referred to as 'cookies'), websites can record information about visitors. This information may include your IP address, the device you are using and your click behaviour, such as the specific web pages you visit and how you navigate the website.

2. Different types of cookies

There are different types of cookies, such as 'session cookies', which expire when you close your web browser, and 'persistent cookies', which remain on your computer or mobile device until you delete them. Some cookies are set by the website operator ('first-party cookies'), while other cookies are set by third parties ('third-party cookies') and enable them to also collect information from your browser and devices.

Cookies can be classified in the following categories:

- Strictly necessary cookies - Also known as 'essential cookies', these cookies are essential to enable you to browse the website and use its features. These cookies are generally first-party session cookies.
- Preference cookies - Also known as 'functionality cookies', these cookies enable a website to remember choices you have made in the past, such as your preferred language.
- Statistical cookies - Also known as 'analytical or performance cookies', these cookies collect information about how you use a website, such as the pages you have visited. This includes cookies from third party analysis services, provided that the cookies are for the exclusive use of the owner of the website visited.
- Marketing cookies - These cookies track your online activity to help advertisers deliver more relevant advertising or to limit the number of times you see an advertisement. These cookies may share this information with other organisations or advertisers. These are persistent cookies and are generally third-party cookies.

Cookies used on this website

Below is a list of all the cookies used on this site:

Name	Purpose	Retention period	Type
hut_cookie_system	Consent management	390 days	Obligatoire
hut_cookie_gtag	State of consent	390 days	Only if the user consents to the use of Google
_ga	Statistics	400 days	Only if the user consents to the use of Google
_ga_5T8XFSHHT4	Statistics	400 days	Only if the user consents to the use of Google

Management and deactivation of cookies

You can refuse the use of certain cookies by refusing all non-essential cookies via the cookies banner available on our website. You can also refuse the use of cookies by simply adjusting the settings on your web browser. Below you will find explanations on how to configure various browsers:

- Enable or disable cookies - Chrome
- Block or allow cookies - Internet Explorer
- Enable and disable cookies that websites use to track your preferences - Firefox
- Safari web settings on your iPhone, iPad, and iPod touch - Safari

To refuse to be tracked by Google Analytics on all compatible websites, follow this link: Google Analytics Opt-Out Browser Add-On.

Information about cookie settings on other browsers can be accessed via a simple internet search. For general information on cookies and how to disable them, you can also consult How to Enable and Disable Cookies on Every Web Browser [Guide] | All About Cookies.
